

LOGIQ

### Less sickness days

The ergonomic design reduces sickness days and gives happier employees.

Also, it reduces the noise level in the stores.

### Higher efficiency and performance

Designed to increase the efficiency in stores with its closed fork construction, permanent quick lift and high manoeuvrability (360° turning radius).

The construction ensures a low noise level in the stores and can be used for many kinds of quarter pallets (e.g. display pallets).

### Durability, lifetime

The LogiQ300 has a long operating life.

With its special construction with use of quality materials it lowers maintenance costs.

Tested before shipment.
